Poster #115: IgE Reactivities of Ara h 1 Vicilin Buried Peptide and Purified Natural Ara h 1; Revisiting the Conformational Epitopes

Presenter: Sayeh Agah, PhD

Session: Diagnosis and Natural History

Date/Time: Friday, February 28th at 2:45-3:45 PM

Poster #135: Improved In-vitro Allergy Diagnostics Using a Molecular Composite of Purified Peanut Allergens

Presenter: Sabina Wuenschmann, PhD

Session: Diagnosis and Natural History

Date/Time: Friday, February 28th at 2:45-3:45 PM

Saturday, March 1st, 2025

Poster #445: Deficiencies of Allergen Levels in a Commonly Used Protocol for Peanut Oral Immunotherapy: Proceed with Caution.

Presenter: Stephanie Filep

Session: Immunotherapy, Biologics, and Novel Therapeutics

Date/Time: Saturday March 1st, at 9:45-10:45 AM

Poster #519: Hypoallergenic Der p 2 Mutants Based on the Structure of Allergen-human IgE mAb Complexes

Presenter: Anna Pomés, PhD

Session: Novel Mechanisms of Mast Cells, Basophils and IgE

Date/Time: Saturday March 1st, at 9:45-10:45 AM

Poster #115: Comparison of the Variability of Peanut-Containing Products Used in Oral Immunotherapy for Peanut Allergy

Session: Immunotherapy, Biologics, and Novel Therapeutics

Date/Time: Saturday March 1st, at 9:45-10:45 AM

Poster #386: In Vivo Functional Activity of Structurally Defined Human IgE Monoclonal Antibody Epitope on Natural and Recombinant Cat Allergen Fel d 1

Session: Environment and Climate Change: Mechanisms and Outcomes

Date/Time: Saturday March 1st, 9:45 am - 10:45 am

Poster #495: Quantification of Major Allergens in Bee Pollen Supplements Compared to Pharmaceutical Allergy Immunotherapy Tablets

Session: Allergic Rhinitis, Nonallergic Rhinitis (NAR), Ocular Allergy and Immunotherapy

Date/Time: Saturday March 1st, 9:45 am - 10:45 am

Poster #538: Human IgE mAbs Structurally Define Two Partially Overlapping Epitopes on the Major Dog Allergen Can f 1

Session: Novel Mechanisms of Mast Cells, Basophils and IgE

Date/Time: Saturday March 1st, at 9:45-10:45 AM

Sunday, March 2nd, 2025

Poster #782: Creation of a Standardized Egg Ladder for use in IgE-mediated Egg Allergy

Session: Clinical Management

Date/Time: Sunday March 2nd, at 9:45-10:45 AM
