

Presentation Schedule AAAAI 2026

Friday, February 27th, 2026

Poster #272: [Unlocking the Repertoire of Allergenic Epitopes on Fel d 1 for Rational Design of Hypoallergens](#)

Presenter: Anna Pomés, PhD, FAAAAI

Session: From Bench to Bedside: Novel Mechanisms, Biomarkers and Treatments for Allergic Diseases

Date/Time: Friday, February 27th at 2:45 -3:45 PM

Location: Convention Center, Level 2, Hall E

Saturday, February 28th, 2026

Award: [Jordan N. Fink Memorial Lectureship](#)

Lecture: Developing Precision Diagnostics and Therapeutics in Atopic Diseases

Presenter: Martin Chapman, PhD, FAAAAI

Date/Time: Saturday, February 28th at 8:15 AM

Location: Convention Center, Level 2, Hall E

Poster #419: [Vicilin allergens from peanut and walnut activate mediator release with a single antibody via repeated IgE cross-linking](#)

Co-Author: Anna Pomés, PhD, FAAAAI

Session: Diagnosis and Management of Food Allergy

Date/Time: Saturday, February 28th at 9:45 -10:45 AM

Location: Convention Center, Level 2, Hall E

Poster #433: [A Synthetic 'Serum' Comprising Human IgE Monoclonal Antibodies to Peanut Allergens](#)

Presenter: Bryan Smith

Session: Diagnosis and Management of Food Allergy

Date/Time: Saturday, February 28th at 9:45 -10:45 AM

Location: Convention Center, Level 2, Hall E

Workshop: [How Should I Use Component Testing in My Clinical Practice](#)

Invited Primary Moderator: Anna Pomés, PhD, FAAAAI

Session: Workshop Q&A

Date/Time: Saturday, February 28th at 4:45 - 6:00 PM

Location: Convention Center, Level 1, Room 119A

Sunday, March 1st, 2026

Poster #678: [Detection of airborne microbes using a novel ambient air sampling device](#)

Presenter: Emily Heath, PhD

Session: Novel Assessments of Environmental Allergens, Microbes, and Indoor Climate: Implications for Allergic Disease

Date/Time: Sunday, March 1st at 9:45 -10:45 AM

Location: Convention Center, Level 2, Hall E
