

Submitting Dust Samples to InBio for Allergen Analysis Service

1. Fill out the Analysis Request Form completely and indicate which tests are recommended and by what method (ELISA or MARIA®) results should be acquired.

Links for the Analysis Request Form below, based on sample submission region.

[Form for samples submitted to InBio US](#) (North America, South America, and Asia)

[Form for samples submitted to InBio UK](#) (UK and Europe)

2. Submit the samples to InBio's Allergen Analysis Service Lab in an air tight, small Zip-lock bag or a sealed plastic vial with the sample numbers clearly marked on the bag with a permanent marker.

3. Ship Samples to:

FOR SAMPLES FROM NORTH AMERICA, SOUTH AMERICA, AND ASIA
